Dear Mr. Palmer:

On July 15, 2003, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Palmer Machine ("Palmer"). The purpose of the inspection was to determine Palmer's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Palmer was issued Letter of Deficiency No. WMD 03-31 ("LoD"). Based upon a review of Palmer's submittals received July 25, 2003 and December 22 2003, DES has determined that your facility has corrected the deficiencies identified in the LoD

Please be advised that DES will continue to monitor Palmer's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Eric K. Abrams or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271 2942. Thank you for your cooperation.

Sincerely
